

April 9, 2015

Dear Florin Dragomir,

The 2015 IEEE International Conference on Robotics and Automation (ICRA 2015) will be held at the Washington State Convention and Trade Center in Seattle, Washington, USA on May 26-30, 2015.

Dedicated to such topics as modeling, design, analysis, software, and control of robots and intelligent systems, ICRA 2015 will address a wide range of areas, including both advances in research and cutting edge applications of robotic systems and technology. ICRA 2015 is sponsored by the Institute of Electrical and Electronics Engineers (IEEE)'s Robotics and Automation Society (RAS).

We consider the participation of students and members of the international robotics community, in both the technical and social aspects of the conference, to be critical to the success of this international conference. Detailed information regarding the conference can be found at the conference website, <http://www.icra2015.org>.

We have received your paid conference registration (information below) and we would like to extend you a cordial invitation to join us at this prestigious event.

We look forward to your participation in the Microrobotics Mobile Challenge as part of the Valahia University of Tirgoviste Team at ICRA 2015 and to welcoming you to Seattle!

Regards,
